KEEP ASSINIBOINE PARK PUBLIC!

Help Keep Assiniboine Park Public

In July 2006, City Council approved in principle the creation of a non-profit private organization to run the Park. We are worried that this means the privatization of an important city landmark. We are concerned that private interests will run the park and the public will be denied open access to it. At worst, we fear that admission fees and charges for services will increase and ideas like 'condos in the Park' will be next.

Every Winnipegger should voice their support to keep the Park public. Politicians have a responsibility to protect public facilities, not give them away or sell them off!

Get Involved! You can help!

Challenge all candidates in the civic election to this question: Will they vote to keep the Park fully Public, or are they willing to hand over responsibilities for the Park to another organization?

For more information, contact:

Canadian Union of Public Employees, Local 500
702 – 275 Broadway, Winnipeg, Man. R3C 4M6
