

# Winnipeg's for sale — but it's no bargain for Winnipeggers.

City council sold our gravel pit and we paid more than double for sandbags.

They privatized garbage collection and hid the costs.

Now, the mayor and some councillors even want to privatize our golf courses and green spaces, cutting services for families and seniors.

And they want to privatize the services that keep community facilities safe and clean.

**Let's keep Winnipeg owned and operated by Winnipeggers.**

**What does it mean for you?**

**Higher costs, service cuts and no accountability.**

**CUPE** / Canadian Union  
Local 500 / of Public Employees
